

6th International Conference of History of Engineering

Naples, Italy, June 2 024

THE EVENT

The Italian Association of History of Engineering, the National Council of Engineers, the School of Polytechnic and Basic Sciences and the Interdepartmental Centre of Engineering for Cultural Heritage of the University of Napoli Federico II and the Councils of Engineers of Napoli and Salerno organize the 6th International Conference of the History of Engineering will hold in Naples in June 2024.

PURPOSES

The Conference aims to promote knowledge of Engineering History since its ancient origins, its general aspects and those particular episodes that marked its path along the centuries.

A second key objective is to promote broad scientific debate on the development of the history of this branch of knowledge, with the contribution of all scholars researching the history of engineering in all its facets.

TOPICS

- History of scientific and technological research
- History of building
- History of engineering schools
- History of strategies and measures for reducing environmental risks and dealing with emergencies
- Technical and scientific aspects of the history of industry and industrialization
- Evolution of the profession and role of engineers in society and institutions
- Evolution of the relationship between engineering and cultural and environmental heritage
- Engineering and conservation of movable and fixed heritage
- The development of engineering as a part of other knowledge
- The figure of the engineer in the international scenario
- Ethics and engineering

- **ABSTRACT SUBMISSION: 2023, March 6th.**
Abstracts should be submitted by e-mail according to the template available online www.aising.eu
- **ABSTRACT ACCEPTANCE: 2023, March 22th.**
The Scientific Board will specify whether papers have been accepted for oral or poster session. All selected papers will be published in the Conference proceedings.
- **PAPERS SUBMISSION: 2023, September 30th.**
- **PAPERS ACCEPTANCE or request for amendments: 2024, January 8th.**
- **SUBMISSION FOR AMENDED PAPERS: 2024, March 9th.**
- **FINAL ACCEPTANCE: 2024, March 25th.**

SCIENTIFIC BOARD

Salvatore D'Agostino
University of Naples Federico II
(AISI's Honorary President)

Francesca Romana d'Ambrosio
University of Salerno
(AISI President)

Gennaro Annunziata
Association of Engineers of Naples

Michele Brigante
AISI Vice President

Mario Como
University of Rome Tor Vergata

Edoardo Cosenza
University of Naples Federico II

Luciano De Menna
University of Naples Federico II

Giulio Fabricatore
University of Naples Federico II

Franz Graf
École Polytechnique Fédérale de Lausanne

Giovanna Greco
University of Naples Federico II

Emanuela Guidoboni
INGV—Istituto Nazionale di
Geofisica e Vulcanologia

Osama Hamdan
Al-Quds University

Elena Manzo
University of Campania

Luigi Marino
University of Florence

Vittorio Marchis
Polytechnic of Turin

Raffaele Mauro
University of Trento

Dieter Mertens
Accademia Nazionale dei Lincei

Antonio Moccia
University of Naples Federico II

Gioconda Moscardiello
University of Naples Federico II

Lia Maria Papa
University of Naples Federico II

Angelo Domenico Perrini
Italian Council of Engineers

Antoine Picon
Harvard University

Giuseppe Riccio
University of Naples Federico II

Luciano Rosati
University of Naples Federico II

Bruno Siciliano
University of Naples Federico II

Andrea Silvestri
Polytechnic of Milan

Raffaele Tarateta
Association of Engineers of Salerno

Giuliana Tocco
former Superintendent of
Archaeological Heritage

Carlo Viggiani
University of Naples Federico II

Armando Zambrano
Rete Professioni Tecniche

CONSIGLIO
NAZIONALE
DEGLI
INGEGNERI

ORDINE INGEGNERI SALERNO

ORGANIZING COMMITTEE

Boris Igor Palella (president)
CIBeC – University of Naples Federico II

Andrea Lizza
Association of Engineers Naples

Giovanni Pastore
Università degli Studi di Napoli Federico II

Association of Engineers Naples
Association of Engineers Salerno

SECRETARIAT

CIBeC – University of Naples Federico II
P.le V. Tecchio 80—80125 Naples, Italy
